Ch Asha Vom Corvinus Haus

Asha is out of our wonderful foundation female Alexa, and is now enjoying the retired life! She is fully health tested and CHIC Certified with all passing test results!! She is an IABCA NtCh, IntCh, HrnCh and HrnCh in Bronze, Silver and Gold! She is a UKC Champion, has been BOB multiple times, has many group placements as well as being V1 rated at every show! Asha is a striking, beautiful female of medium size with a powerful, athletic, muscular build. She has an expressive, feminine head with ears set close and correct, dark eyes and mouth pigment with a correct scissor bite and full dentition. She has a deep, wide, powerful chest, straight and correct front with good layback of shoulder, good front and rear angulations with a powerful and reaching gate! She has a short, tight coat with rich, crisp markings. Asha is a high drive female with alpha tendencies, being a bit sassy, but sweet with those she knows, and she is an excellent and alert guard dog who doesn't lend herself to strangers readily! We enjoy her happy, sassy personality and love her full on, toothy Rotty smile!!
