OFA Elbows DJD 1 UR  
OFA Advanced Cardiac Normal RO-ACA1259/25F-VPI  
OFA Thyroid Normal RO-TH1298/62F-VPI

Ch Dea Vom Corvinus Haus BH (Dee)

Dea is out of our foundation female Alexa, and sired by European Import, Ch Xalmo Von Kelemen! Dea has achieved her Schutzhund BH, she is an IABCA Sr Puppy HrnCh, a UKC Champion, is AKC pointed, Multi BOB, Multi Best Female, and has several Group placements! She is fully health tested with all passing results! Dea is a powerful, athletic female with an excellent topline, great depth of chest, wonderful front and rear angulation and a powerful gait with excellent reach and drive! She frequently gets mistaken for a male as she has a very typey, and masculine headpiece! She has dark eyes and mouth pigment, and a correct scissor bite with full dentition. Dea is a medium to high drive female with good prey drives who does best when kept busy! She is a flashy, energetic bitch who exudes power! She has done well in the Conformation ring, as well as showing very natural instincts in Herding! She has also done well in Fast Cat, Precision Coursing, Barn Hunt and formal Obedience and we hope to achieve more working titles with her in the future! We look forward to seeing her accomplishments and have high hopes for her as a producer!
